

### *Butter Pecan Pound Cake*

1 box Betty Crocker Butter Pecan cake mix  
1 can coconut pecan icing  
1 cup water  
 $\frac{3}{4}$  cup oil  
4 eggs

Mix all ingredients together and pour into a greased and floured tube pan. Bake at 350 degrees for 55 minutes.

### *Frosting:*

$\frac{1}{2}$  cup butter  
1 cup firmly packed brown sugar  
 $\frac{1}{4}$  cup milk  
Powdered sugar

Melt butter and add brown sugar. Cook over low heat for 2 minutes stirring until mixture comes to a boil. Remove from heat. Cool. Add powdered sugar until it is the right consistency to spread.

\*I found you can half the frosting and it is plenty.
