

Salad-Fruit Salad from Katie Echeverria

2 oranges
2 apples
3 bananas
1 can chunk pineapple
1 medium bunch grapes (red are prettier)
½ package small marshmallows
1 lemon

Sauce to go over fruit:

½ cup sugar
1 level tablespoon of flour
½ cup pineapple juice (from canned pineapple)
Juice of 1 lemon
1 egg yolk
1 container whipping cream

Cut up fruit to desired size.

Sauce: Mix flour, sugar, pineapple juice, then egg yolk, cook over low heat until thick. Add lemon juice and pour over fruit.

Before serving, prepare whipping cream.

Whip until it starts to get stiff. Sprinkle sugar in a tablespoon at a time (use up to 3 T), add not more than ½ tsp vanilla, and a very small pinch of salt. Add to fruit mixture and toss.

*Whipped cream does better when the bowl and beaters are chilled in the freezer before whipping.
